To the Class of 1987
Dear Graduates,

"A journey of a thousand miles must begin with a single step." Beginnings and endings follow fast upon each other in our journey through life. This segment of your life, these years at Bergtraum, have gone by swiftly. The boys and girls who came to us as children three or four years ago leave us now as young adults, having taken here many steps on the journey toward maturity. From those early days when you walked with uncertainty, perhaps even timidity, in a new building and a new pattern of life, your steps have become more sure, your directions more determined. We have shared with you your dreams of the future and worked with you toward their achievement. We have seen you learn to face new problems and to travel toward wider horizons. We are proud to have been part of it and we are very proud of you.

You will be embarking upon many journeys in the years to come. You will have to take many more first steps. When you do, the lessons that you learned here will stand you in good stead. You will remember how fearful many of you were when you had to make your first speech in English class. Now you can face an audience with poise. You will remember how confusing the 48 keys on a typewriter seemed when you first sat before one as a ninth or tenth grader, and after practice, it became so easy! Over and over, your first encounters with a computer, with a ledger, and with a lab experiment caused trepidation which was soon replaced by skill and calmness. And how many of you had shaking knees when you approached your first internship or job interview! Look at you now: college freshmen and skilled employees! You have learned that confronting fear and stepping out with courage leads to accomplishment and success.

No one can predict what paths the world will create for you in coming years or what roads you will travel in your journey through life. We know they will be many and varied. We hope that the values and standards and skills that you acquired here at Bergtraum will enable you to step upon those paths and tread those roads with success.

This is the end of one journey and the start of another. As you take this last step and begin again with a first, our hope and good wishes go with you.

Sincerely,

Barbara L. Christen
Principal

The Murry Bergtraum High School for Business Careers is itself a tribute to New York City. It is a goal achieved through the auspices of the New York City Educational Construction Fund which fosters the establishment of educational facilities through the commercial development of the properties. Built by Castagna and Sons, designed by the architectural firm of Gruzen and Associates, the seven-story triangular building is a noteworthy addition to the revitalized lower Manhattan community.

In naming this special school for Murry Bergtraum, New York pays tribute to one of its own. Born in the City, educated in its public schools and at City College, Murry Bergtraum early began to serve the City and its children. First in his local school associations, then as head of his Local School Board, and finally as Member and as President of the Central Board, particularly at the time of decentralization, he worked tirelessly to create for new generations of City students the environment and the opportunities from which he had gained so much.

The class of 1987 represents the future. We have worked hard throughout the years, and finally we have achieved our much desired goal. Graduation is here, and with it brings the feeling of pride at having accomplished that goal.

While at Bergtraum, we learned a great deal. Our education here will be an asset to us in our struggle to become mature adults, eager to go out into the world and achieve success in everything we do. We are grateful to our parents, families, teachers and friends, without whose constant guidance, support and love we would not have made it.

As we leave high school, feelings of uncertainty and insecurity may arise, but we must have confidence in ourselves. We have our whole lives ahead of us and we must make them the best they can be. This will be difficult because the world we are entering is not perfect and calls for a lot of determination and a great deal of struggle on our part. We must all be able to make an impact on this world and make people take notice of us and our abilities. By doing this, we will not only make ourselves satisfied and proud, but we will make everyone who helped bring us this far proud too. Being a success will be our way of saying "Thanks" to those who taught us and helped us grow.

The seniors of 1987 are *destined* to become responsible, prosperous adults. I wish everyone lots of luck in their chosen field.

Congratulations,
Kareen Robreno

Senior Advisor — Ms. B. Esmilla, President — Teri Manno, Vice President — Terry Woolard, Treasurer — Terry Gangaram, Secretary — Amy Tyson.

We, the graduates of 1987, would like to thank our senior officers for their hard work, competence, and devotion throughout the school year. The year was made a very special one with their leadership, and their friendly attitude towards the senior class helped to make it a memorable one. We would also like to recognize Ms. Barbara Esmilla, "B", for her hard work. This is her fifth year as senior advisor at Bergtraum, and although it is a tremendous responsibility, she really enjoys her work.

Throughout the school year the senior council met once a week to determine policy and organize senior activities for the year. The representatives informed the council of the feelings and desires of their official classes. The senior class was well aware of the dedication and efficiency of the Senior Council.

Many thanks, from the class of '87.

Student Organization Advisor — Ms. M. Johnson, President — Joy Callender, Vice President — John Hamilton, Treasurer — Amish Mehta, Secretary — Elizabeth Kuka

Murry Bergtraum High School is proud to present its new S.O. advisor to the students. Ms. Margot Johnson, an English teacher, has replaced Mr. Robert Sinclair, the former S.O. advisor. As our new advisor, Ms. Johnson's first goal is to "adjust to the position, find out what students would like, and to give them the chance to do it." To achieve this goal, Ms. Johnson, the S.O. Officers, and the Representatives have been open to all suggestions that the students have. They are not only open to suggestions, but they try hard to make these suggestions work.

The S.O. has also done other important things, such as sponsoring activities in the community, letting students show off their talents in a variety of talent shows, and giving them a chance to participate in competitions, such as writing and poster contests.

Without the S.O., our school year would not have been as much fun and as joyful as it has been. The students of Murry Bergtraum High School would like to thank Ms. Johnson, the S.O. Officers, and the Student Representatives for a great year.

This ever memorable social period, in which daily attendance is taken, is a time for school announcements of forthcoming events — when the P.A. system is working. This time is also spent voting on school and senior issues, panicking over next period's test, cheering or booing the results from yesterday's game, or just sleeping.

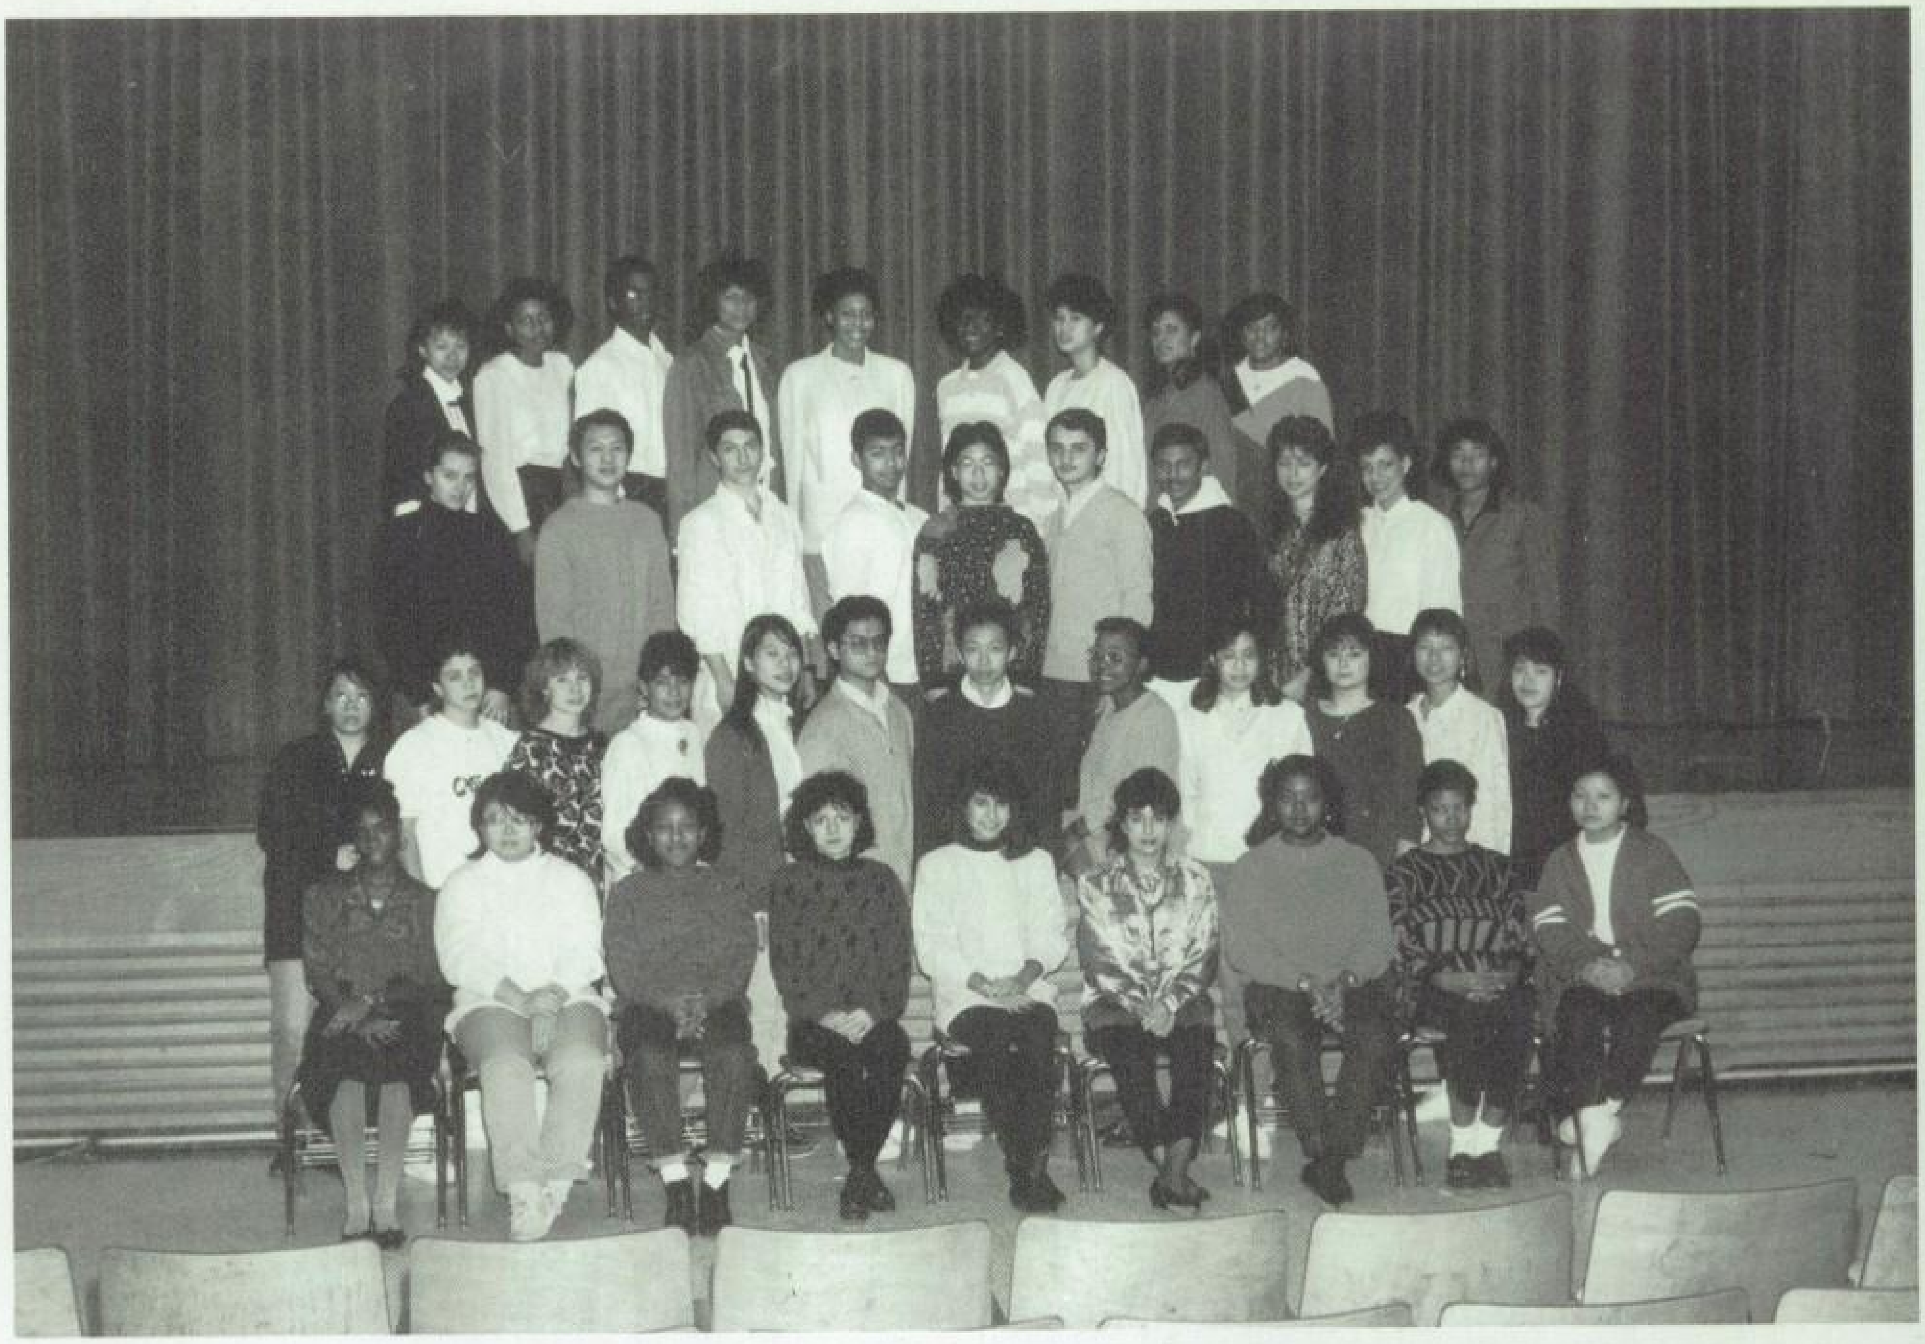
CLUBS AND ORGANIZATIONS

Okay! So now it's nine periods, the school lunch, and an Extra-Strength Tylenol headache later. Your average day. But now you want to unwind, right? No idea how? You can always read a book . . . Naah . . . Or you can do what our school clubs and organizations did. Let's see how the Bergtraumites did it with style:



The **NATIONAL HONOR SOCIETY** is a student organization in which admission is based on academic performance. The Society meets weekly to discuss ways in which to improve the school's atmosphere. One of this year's activities was a fundraiser for the benefit of needy children.

There is a principle which states that a person will learn not only if he wants to, but if he has the opportunity to. This is the purpose of the **BLACK CULTURE CLUB.** With the help of Mr. Jerry Garden and a variety of students throughout the school, the Black Culture Club endeavors to enlighten everyone, whether student or otherwise, of the historical development of Black Culture. Throughout the year, the club was responsible for a number of programs among which is the assembly program in honor of Dr. Martin Luther King, Jr. and the Awareness program in February commemorating Black History Month.

How many of us remember the first day we walked into Bergtraum's corridors? We were all alone in a strange new environment and even though we wouldn't admit it, we were TERRIFIED. Thank goodness for the **STUDENT LIFE CLASS.** Not only did they inform us of events and activities awaiting us at Bergtraum prior to our arrival, but once there, they worked especially hard to help us all settle in and feel at home. The quality of this service continues today under the leadership of Ms. Margo Johnson. Together they work to provide us with the dynamic "Busy Bee" and the best Student Organization ever.

Sometimes we all need a little extra help right? Where do you go? Why, to the **PEER GROUP TUTORING,** of course. This is a school service provided for any student in need of help in their school work. These students, with the dynamic leadership of Mr. Joseph Large, volunteer their time and effort to any in need of it.

During our years at Bergtraum, our days have been brightened and our spirits uplifted by a very dedicated and talented group of students headed by Mr. Joseph Negri, **THE BERGTRAUM BAND.** They hail from all grades, all walks of life to practice daily for performances such as the Dr. Martin Luther King, Jr. Assembly, and their performance in the Federal Plaza. Thanks guys! We couldn't have done it without you!

With this heavy load of responsibility they are usually the last to leave after rehearsals and shows. Their help and dedication is very much appreciated and all at Bergtraum look forward to another successful year with them.

The scene is set! The judge is ready. The witnesses are ready. Everything depends on you. Is he innocent?, or is he guilty? Imagine the tension in the air! You have just caught a first-hand glimpse of what it's like to be a member of the **MOCK TRIAL TEAM!** Under the leadership of Mr. Bernard Schwimmer, the team reviews real-life court cases with the prospect of proving the defendant's guilt or innocence. These competitions, which are against other schools, are held in a real court in the presence of a real judge for authenticity.

Top Row: Advisor: Mr. Bernard Schwimmer, Alan Hom, Rick Loebis, Audie Alsopp, Amish Mehta, Cassie Simmons — Captain. **Bottom Row:** Sherron Fraser, Susan Prill, Denise Grant, Victoria Heyliger-Austin, Maria A. Prescott, Diana Fong. **Not Present:** Jodie Feliciano.

You enter the room — Nothing! Total silence! The silence is suddenly and unexpectedly broken by a "What about the Miranda case?" The **DEBATE TEAM**, which is headed by Ms. Leslie Gerchick, is involved in arguing Supreme Court cases and participating in debates against other schools. It is exciting and adventurous, if silence is your thing!

Advisor: Ms. Leslie Gerchick, Ambrose Outten, Christopher F. Torres, Devlin Ponte, Rose Cantelmi, Danie Sam, Denise Seegobin.

In the year 1986, also known as "MET YEAR", Bergtraum had its first team in the New York City **MOOT COURT** competition. This team, composed of eight students who represent both petitioner and respondent, made their oral arguments before a mock U.S. Supreme Court. With more of the dynamic work that its mentor, Mr. Joseph Cummings, has been pouring out, this program will soon become an integral part of Bergtraum's new Legal Studies program.

Top Row: Jeanette McDonald, Irene R. Turnbull, Maria Miletic, Wilfredo Ocasio, Cintry Burns. **Bottom Row:** Advisor: Mr. Joseph Cummings, Arthur Lee, Nicole Mitchell, Patria Aviles, Amish Mehta.

Every Wednesday after school, a select group of Bergtraum students meet for some intellectual stimulation and some flat-out aggravation. The battling becomes intense. Pawn to pawn, knight to knight, each move becomes a crucial strategic step in the protection of your castle. The leader of strategy is none other than Mr. Ted Nellen, who uses his time and energies to teach the **CHESS CLUB** the rules and the moves to a truly enjoyable game.

Top Row: Theresa Pumilia, Lilian SooHoo, Angela Lee, Cheri Foster. **Bottom Row:** Victor Chu, Richard Go, Alan Hom, Dewey Gong, Advisor: Mr. Ted Nellen. **Not Present:** Wilfredo Ocasio.

Bergtraum's guys and gals have been on the top and bottom of the big sports events. From basketball to volleyball, team spirit has kept our athletes going and winning, and sometimes losing. But winning isn't everything, and sore losers are no part of our games. The efforts and enthusiasm demonstrated by both the boys' and girls' teams are a display of the energy which is also present in the classroom.

This year the Boys' Basketball team started on a winning note, although due to unforseen circumstances, we suffered losses with two key players. Outstanding performances were turned in by:

Warren Walker
Leon Graham
Tedd Bear Grant

With only two players graduating and eleven players returning, we expect a winning season next year.

One of Bergtraum's finest traditions is its girls' basketball team. A highly motivated, talented group who combined speed, aggression, and organization. With these qualities, and the coach, Mr. Barry Spielvogel, the girls maintained their 20-0 record and conquered the title of Division Champions. We are very proud of them.

Murry Bergtraum High School's girls' Varsity Volleyball team had its most successful season in the team's ten year history. The hard-work, loyalty, dedication and the team leadership gave the 1986-1987 Varsity team the most memorable season. Our deepest thanks to our Seniors, Mee Wan Sit, Anna Tse, Nicole Hilaire, Beatriz Anderson and Angela Lee for their years of time, effort and dedication — they will be missed.

Williams played so well, they were promoted to the Girls' Varsity Volleyball Team.

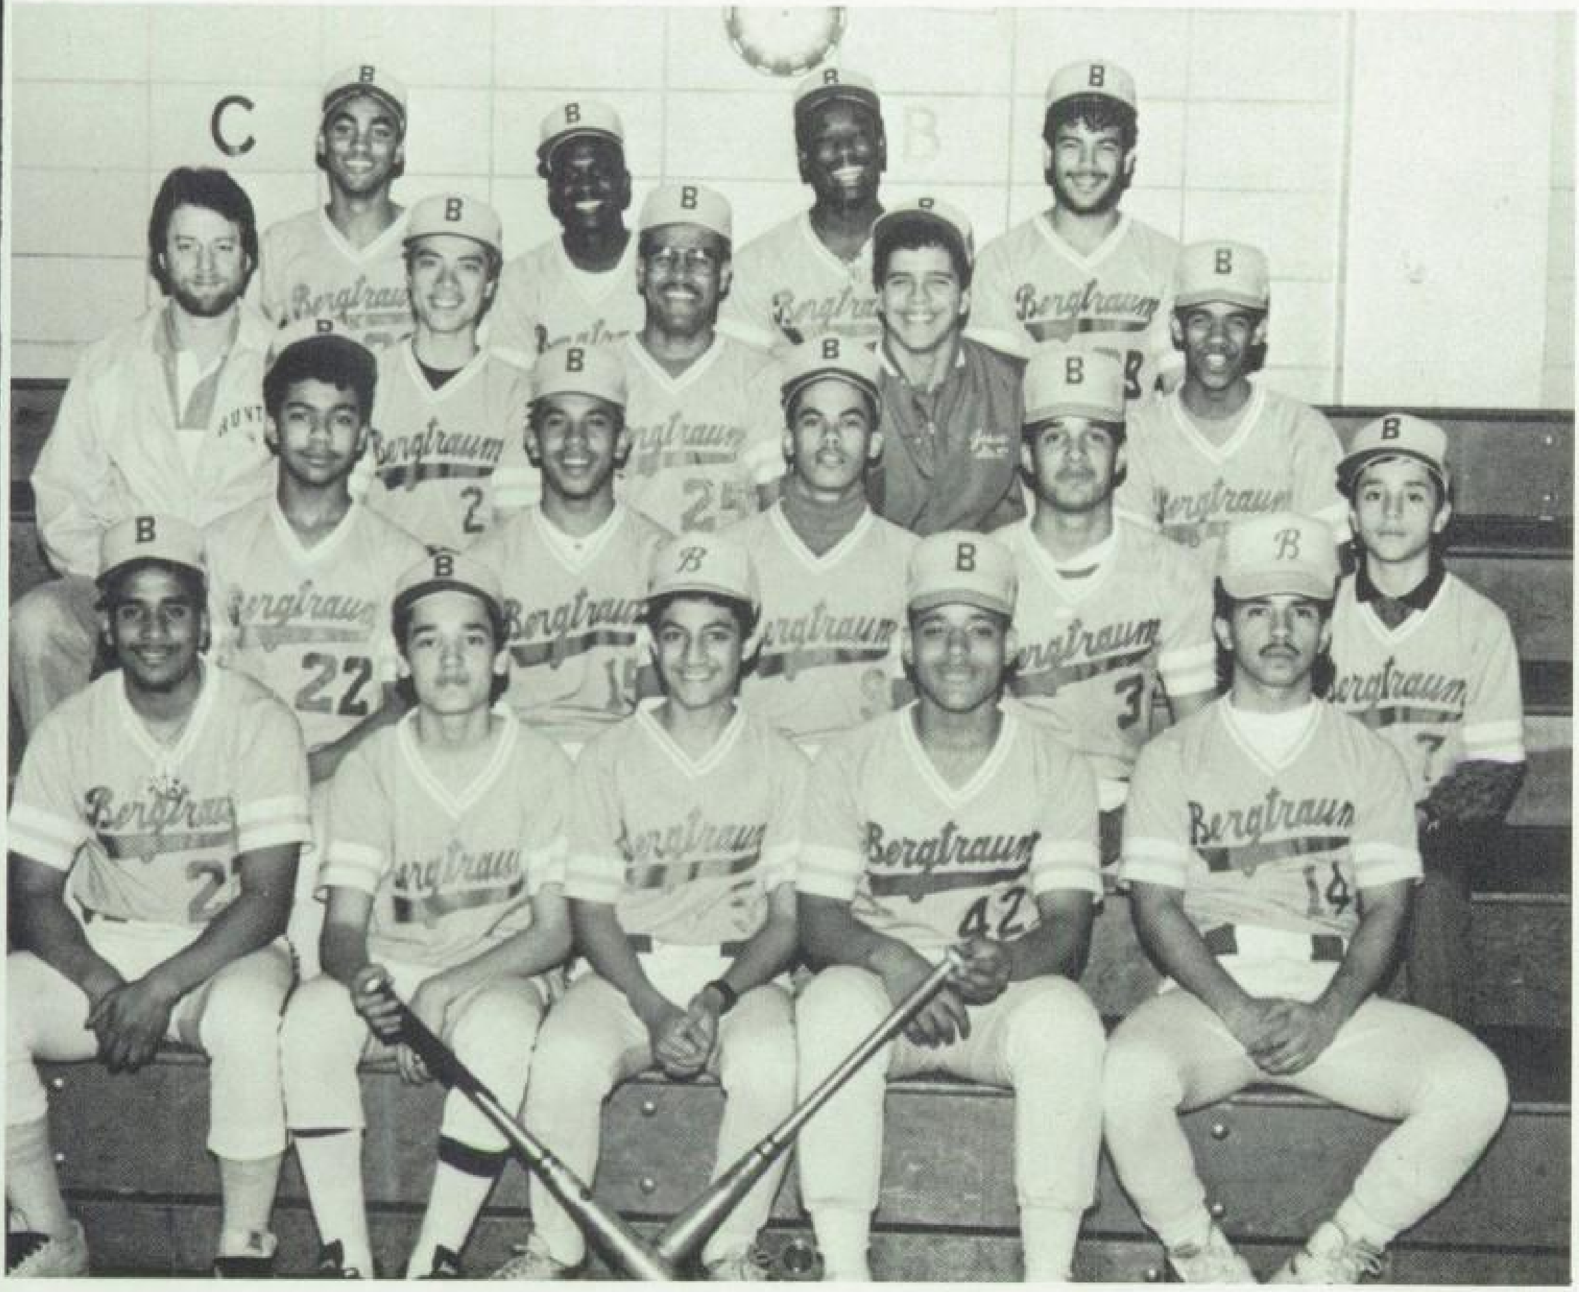
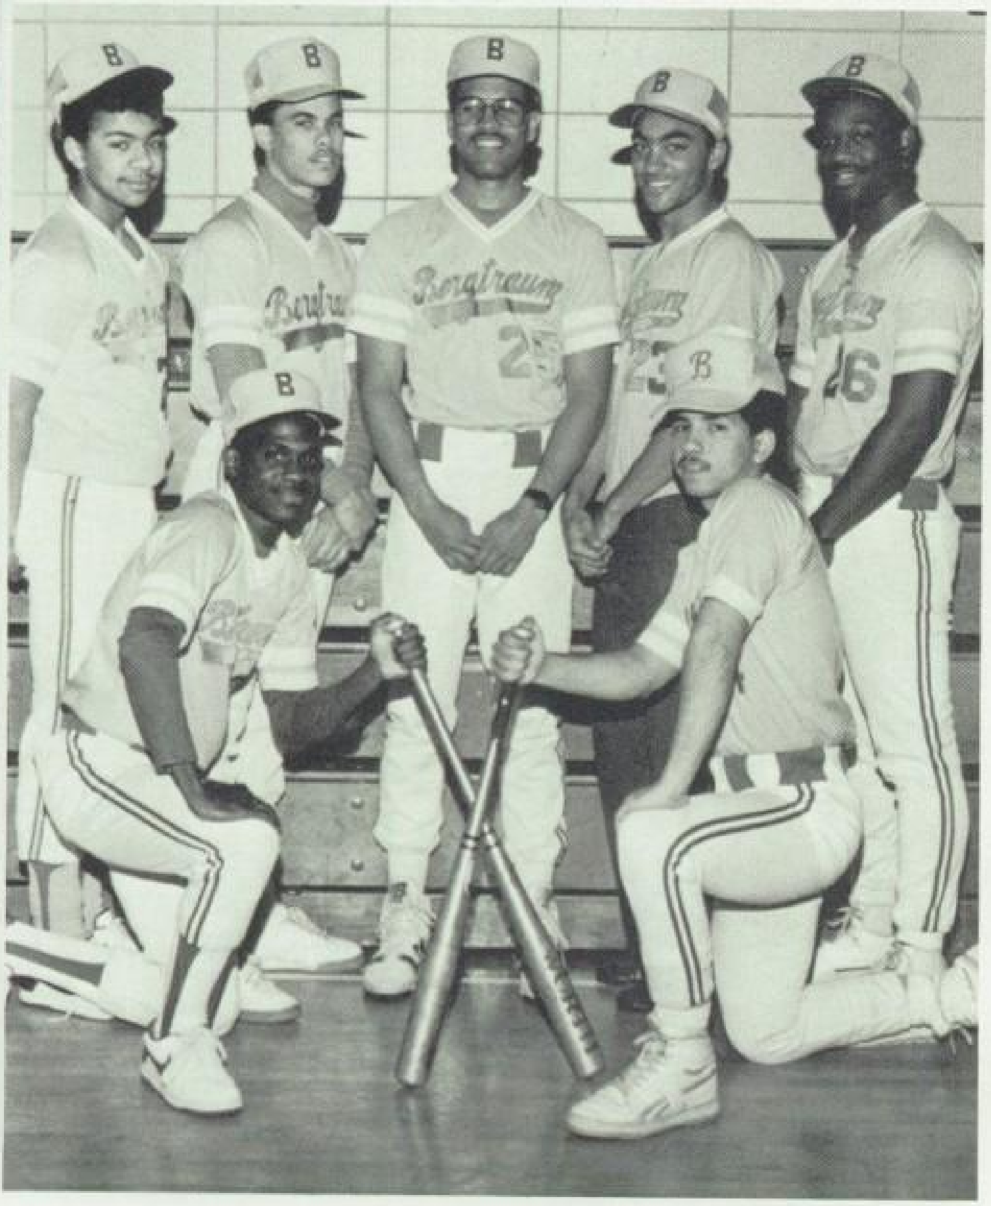
Softball, like any other competition sport, requires teamwork. Without it there is very little chance of winning. Our girls softball team has shown through the years that they possess teamwork. For the past 11 years they have held the title of Division Champions. This year through a new coach, and an almost entirely new team, these Bergtraum players hope to go farther than any team before them: They have set their sights on the City Championship!

Softball Team





Baseball

It's the American pastime. It requires skill and dedication. We can be proud of our baseball team who made the playoffs for the 7th time in nine years — a truly remarkable record. This team is well on the way to being one of the strongest in the city. We are all grateful for the hard work and dedication of Mr. Bieder, the coach and inspiration of the team, as well as our co-captains Victor Arroyo and Jose Brito. They made it a year to remember.

Eddie Sanabria, a three-year member of the team, and starting shortstop pitcher, is the leading batter. He sprained his ankle sliding into 2nd base after hitting the double which led to Bergtraum's 6-5 victory over Forest Hills High School so he could not be in the team photo.

STEVENSVILLE
Country Club

The only word that can describe the Senior Trip to Stevensville is FUN. All who were lucky enough to participate in this trip, came away with tons of memories that will last a lifetime. Between snowmobiling, skiing, swimming, tobogganing, toga-parties, and all-nighters, the weekend didn't seem long enough. It was 48 hours of jam-packed fun. The only thing the trip seemed to lack was sleep — but then knowing seniors — sleep was the furthest thing from their minds.

As school comes to an end,
We look back and wonder
Why did some friends choose to go under.
Given the choice, but yet they blew it
Told by friends, "Please don't do it!"
It is a choice, chosen by many
The choice was, to give in to the enemy
The high was short, the effect was long,
Sorry to say, the choice was wrong
Wrong to give drugs a chance,
Wrong to give drugs the last dance.

The Awakening of Student Consciousness

FOOD DRIVE

This year has seen the awakening of student consciousness to the needs of those around them. The problem tackled by the students of Murry Bergtraum High School was the existence of hunger in our own backyards.

This three-day event, November 19 through November 21, saw the arrival of approximately 150 cans with delicacies ranging from whole kernel corn to smoked cabbage. St. Cecilia's Parish on East 104th Street in East Harlem was the recipient.

The coordinator of this food drive, Ms. Johnson, had this to say on her part, "It is a conscious-raising activity. It makes people more concerned about others beside themselves. Next year we will be able to get more of the student body involved in caring about others. Education should have an impact upon the lives of others, and we have to be concerned about others around us."

Mr. Zimmerman proudly proclaimed, "This is an excellent effort on the part of the students. It shows their concern for the community and their sensitivity to the needs of poor people in this season."

The National Martin Luther King Jr Holiday Celebration
Monday, January 19, 1987

**"Say I was a drum major for justice,
I was a drum major for peace,
I was a drum major for righteousness,
say that I left a committed life behind . . . "**

Dr. Martin Luther King, J

Dr. Martin Luther King Jr. was a civil rights activist who fought for equality for all people. From January 15, 1929, until his tragic death on April 4, 1968, he did all he could to achieve desegregation. He was one the greatest leaders of our time and his effect will continue forever.

Dr. King began his career as a pastor in a Baptist church in Alabama. He received a Doctorate in Theology from Boston University and was the founder and first president of the Southern Christian Leadership Conference. He studied Mahatma Gandhi's philosophy of nonviolence in India and considered Gandhi to be a great role model.

A major event he will always be remembered for was his leadership of the largest civil rights protest ever, the march on Washington in 1963. Soon after, he received the Nobel Peace Prize becoming the youngest recipient of this prestigious award.

Even today, 19 years after his assassination, we learn from his actions and hope that segregation never recurs.

Thank you, Dr. Martin Luther King Jr. for making the world a better place in which to live.

On January 12, 1987, to honor the second anniversary of he national holiday to celebrate Dr. Martin Luther King's irthday, Murry Bergtraum High School in cooperation with the ducation Task Force of New York held a special assembly. he theme was "Ending the Violence of Poverty, Drugs, and lliteracy Through Creative Nonviolence." Among the guests ere Ralph Carter of "Good Times", Reverend Susan Johnson f the Mariners' Temple, Borough President of Manhattan avid Dinkins, Rabbi Linda Henry Goodman of Temple manuel, and Father Kevin O'Brien of St. James Roman atholic Church.

There was a feeling of excitement in the air since no one new what to expect. However, as the assembly continued, a reat feeling of pride and unity was expressed by the audience. r. Philip Mott, a teacher here at Murry Bergtraum High chool and a direct relative of Mrs. Coretta Scott King resented John T. Hamilton, our S.O. vice president, with the artin Luther King Oratory Award for his dramatic reading of 'Drum Major Instinct" by Dr. King. Terry Woolard, Senior vice resident, sang the gospel song "If I Could Help Somebody".

Dr. King had a dream of a truly prejudice free society and it s the desire of the students at Bergtraum High to have the rivilege of living the fulfillment of that dream.

For My Cousin Denise Diggs

YOUNG BLACK WOMAN

Bessie L. M. Winston

I am young
Because I've just begun,
Just begun to taste life and all its flaws.

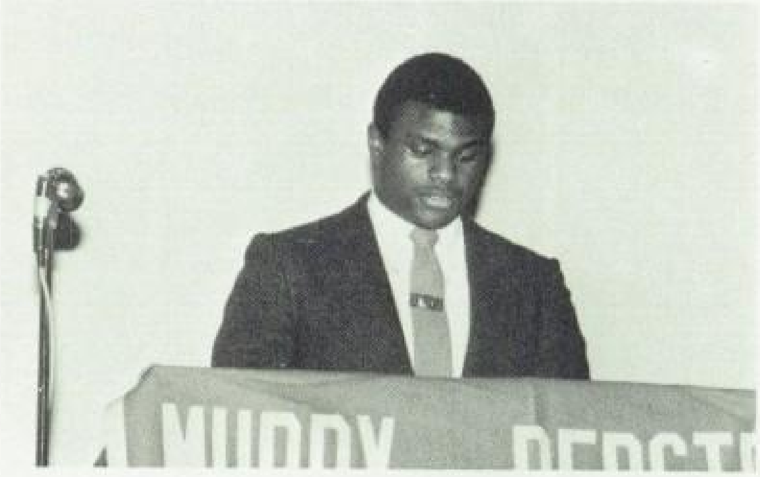
I am Black.
Black, because for what ever reason
Destiny chose it to be, and I suffer
Because it is and I wonder
When will I truly be free.

I am a woman
Because as a helpless soul in my
Mother's womb her heart prayed for a son,
A son to get the battle won
Not a girl who would be carefree,
Never strong, but of constant worry.

So here I am a young black woman: naive, ignorant and weak
As my oppressors had seen and still now see.

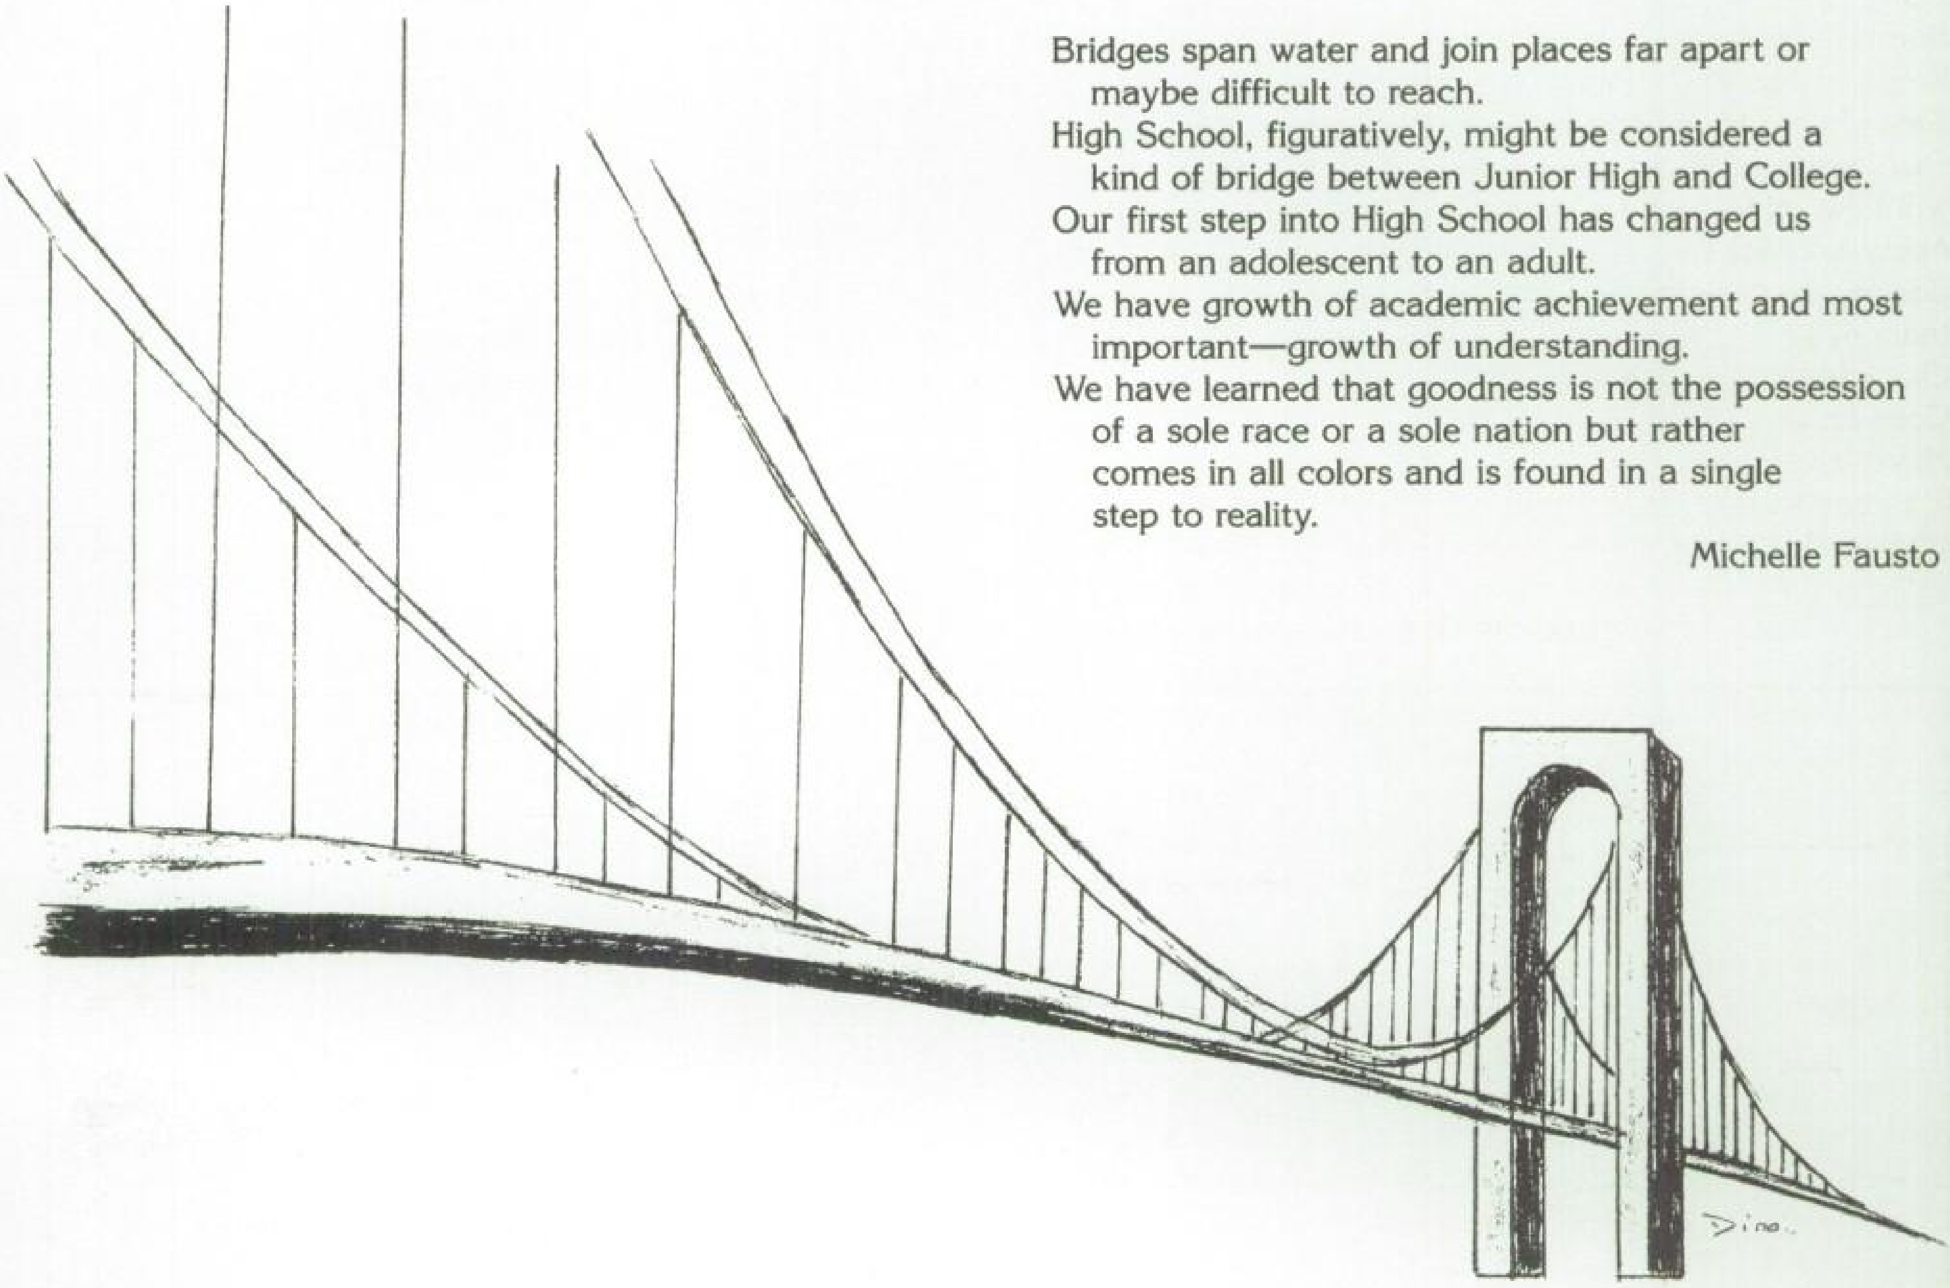
But let Me prove to be a Conqueror,
Inspite of all the curses of my own fate and rise
Above vengeance, malice, and hate
To reveal my own Prestigious Being,

Because I am a Young Black Woman.



Bridges span water and join places far apart or
maybe difficult to reach.
High School, figuratively, might be considered a
kind of bridge between Junior High and College.
Our first step into High School has changed us
from an adolescent to an adult.
We have growth of academic achievement and most
important—growth of understanding.
We have learned that goodness is not the possession
of a sole race or a sole nation but rather
comes in all colors and is found in a single
step to reality.

Michelle Fausto



A journey of a thousand miles
Must begin with a single step.
When the following steps are taken,
The first we'll never forget.

Where the second step leads us,
Can any of us really say?
We can only plan our journey well
And hope things go our way.

Some of us will get a job,
Others enroll in school,
Some volunteer their services
While others hang out being cool.

Some will study medicine
While others study law.
Some may have blueprints to plan
In which case they'll have to draw.

Some will buy a car or two
And others will buy a house.
And most will spend their free time
Searching for the perfect spouse.

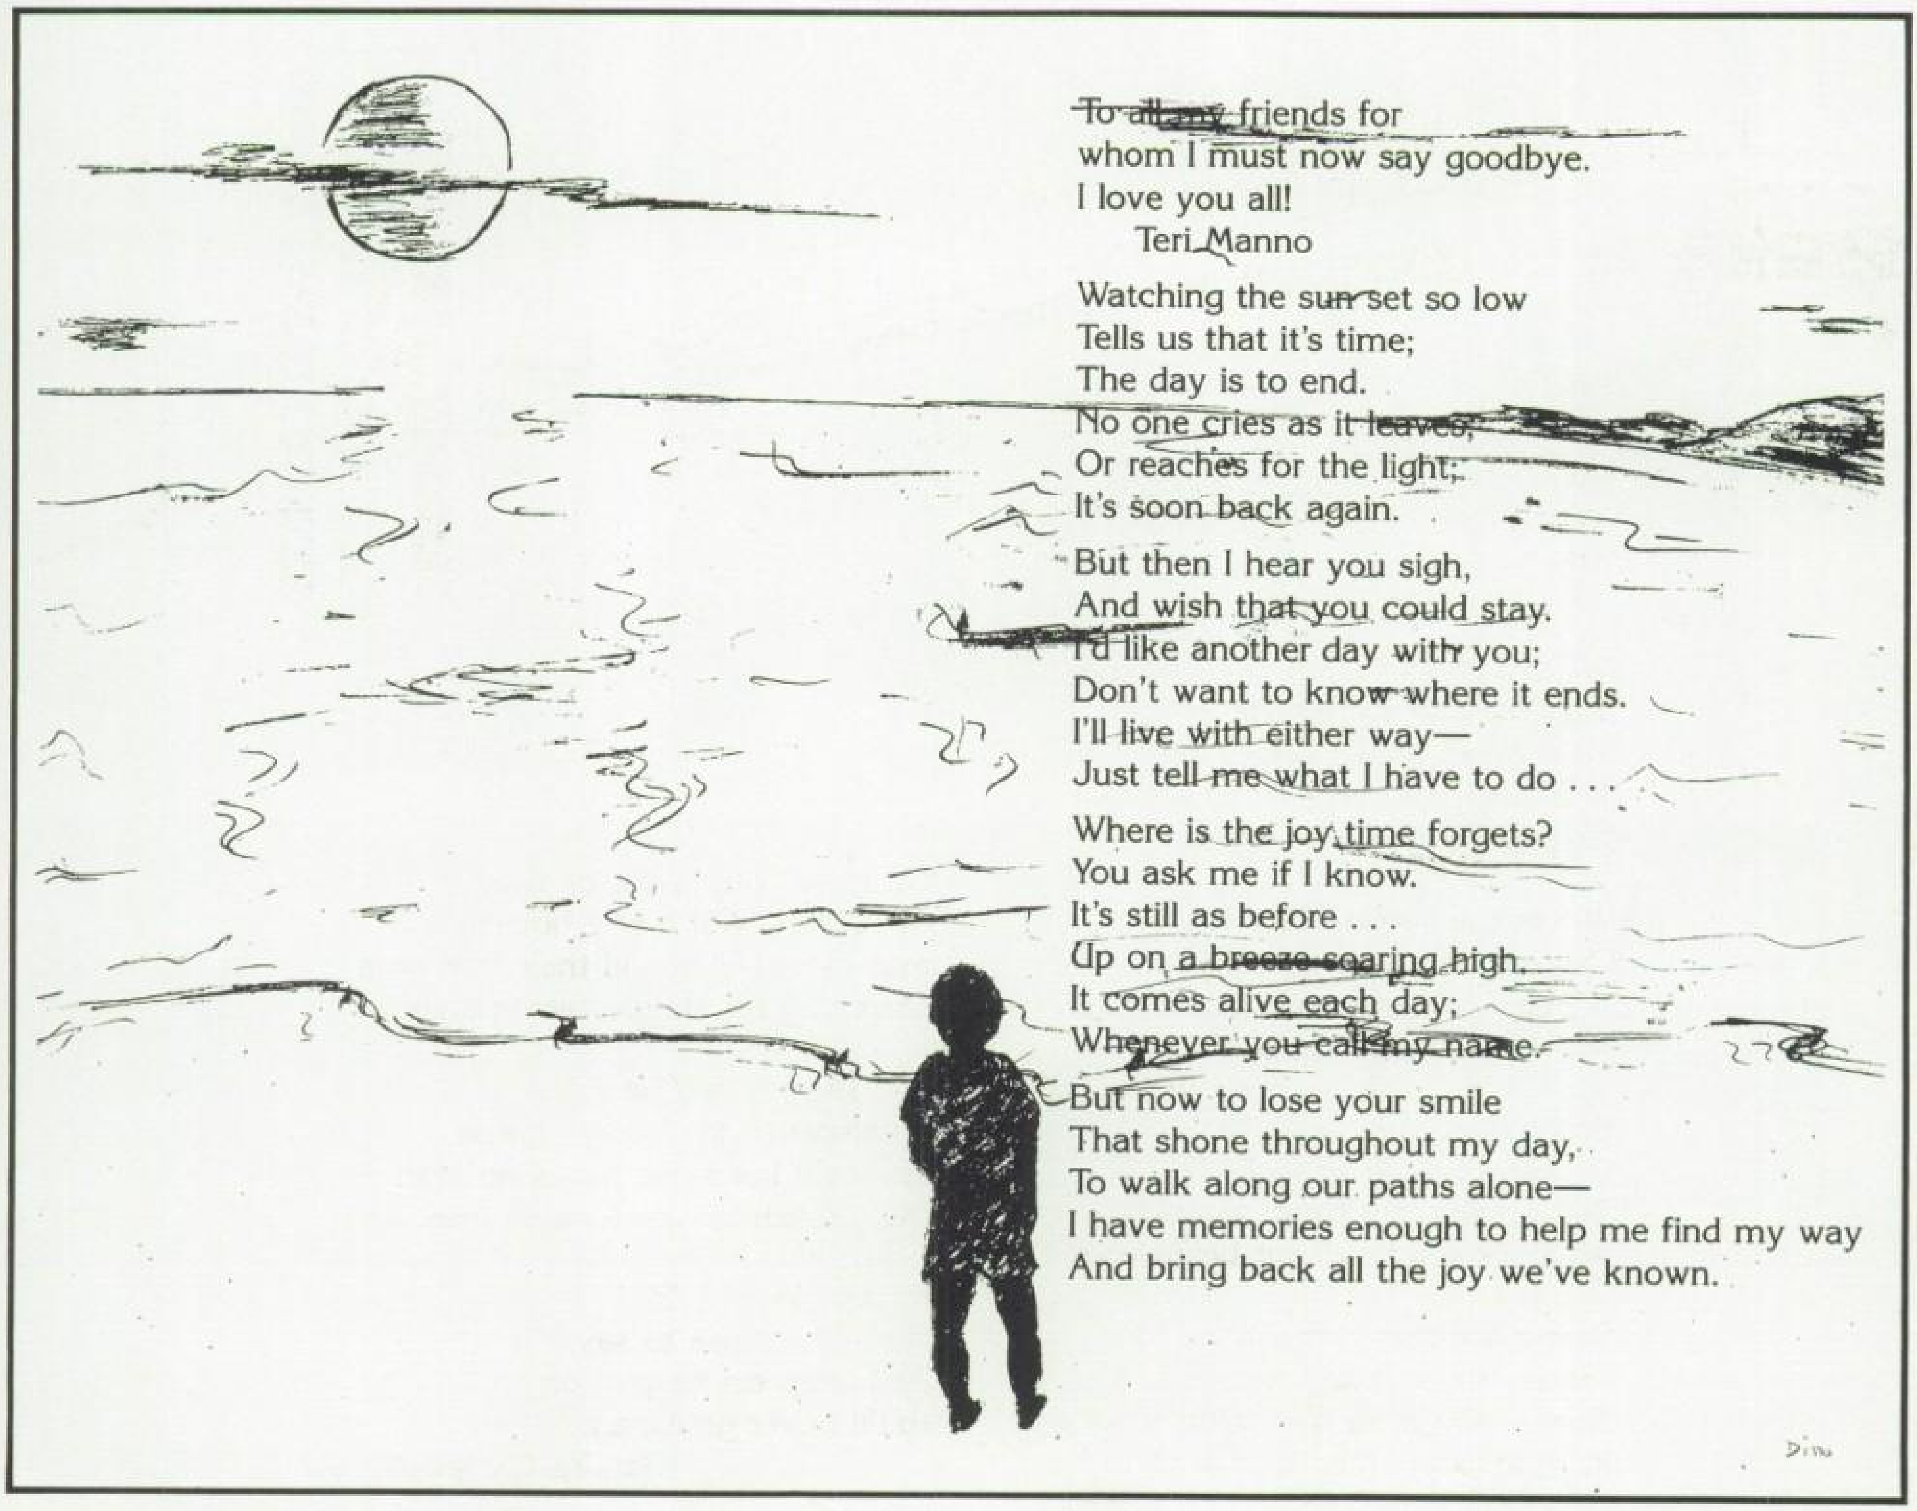
The journey will be long
Whatsoever we finally choose.
But we'll keep our heads up high —
Our confidence we'll never lose.

To the class of '87
I have no more to say.
Just keep on keepin' on
You'll never go astray.

Sandra Campbell

Walking through past and present
Doors opened and closed
Some near opened
Many miles ahead
Some far behind
Steps toward the future.
Steps behind the past
Our journey through life
will take us to many places;
Many emotions
Sorrow, fear, happiness, and
tears of joy
Our journey through life
Goes on and on;
Never ending
It all begins and ends
With a single step

Theresa Pumilia



To all my friends for
whom I must now say goodbye.
I love you all!
Teri Manno

Watching the sun set so low
Tells us that it's time;
The day is to end.
No one cries as it leaves;
Or reaches for the light;
It's soon back again.

But then I hear you sigh,
And wish that you could stay.
I'd like another day with you;
Don't want to know where it ends.
I'll live with either way—
Just tell me what I have to do . . .

Where is the joy time forgets?
You ask me if I know.
It's still as before . . .
Up on a breeze soaring high,
It comes alive each day;
Whenever you call my name.

But now to lose your smile
That shone throughout my day,
To walk along our paths alone—
I have memories enough to help me find my way
And bring back all the joy we've known.

The 1987 Talent/Fashion Show held on January 16th and 17th was an event to remember. Our students sang the most popular songs and performed the hottest dances around; and modeled designs by Bill Blass, Liz Clairborne, Anne Klein. It was standing room only. The audience expected to see talent and this is exactly what they got. Our special thanks go to Ms. Phyllis Friedenberg, the stage crew, and our dynamic array of participants for giving us a talent show to remember.

IN THE SPOTLIGHT

The Seniors of Murry Bergtraum journeyed to the Belasco Theatre to see a production of William Shakespeare's, "Macbeth," on November 12, 1986. This, they hoped, would deepen their understanding and appreciation of Shakespeare and drama. While the actual performance by the actors was superb, the production left much to be desired. Phrases and expressions in a multitude of langauges were injected into the dialogue. This detracted from the grace and beauty of Shakespeare's prose. Fortunately, this production has not decreased the enthusiasm felt for Shakespeare's plays. The students of Murry Bergtraum High School look forward to attending more productions of Shakespeare in the future.

STUDENT FACULTY VOLLEYBALL GAME

It was a game everyone expected the Girls' Varsity Volleyball Team to win. These expectations — much to the spectators' surprise — fell short. The teachers defeated the team easily in three games. Some suspect they were in training weeks before the game, but they deny it. So how did they win? Well, in the immortal words of Mr. Latimer: "Skill!!"

Homework? What Homework?

I was late today because the train had a flat.

I thought Mrs. Christen said not to go to class.

I came late because the limo got caught in traffic.

I'm eating in class because I haven't eaten in weeks.

When I woke up I visualized that I was on vacation and there was no school.

I was mistaken for someone else and they sent me to the deans' office.

I'm sorry I came to class late, but it's not easy to get to the fourth floor when you have a class in the basement.

The best excuse I ever gave a teacher was that my money fell in the toilet and when I reached in to get it, my arm got stuck.

I WAS . . .
I FORGOT . . .
I THOUGHT . . .
I'M SORRY . . .

THE BEST EXCUSES EVER TOLD?? . . .

I'm sorry I'm late — I fell asleep on the train, got off at the wrong stop, thought it was near the school's area, tried to walk it, found myself on the other side of the Brooklyn Bridge — had to walk across the bridge while it was being tarred and I mistakenly tripped and fell in the tar and came to school anyway. Better late than never.

The man was in a token booth and he said give me your money or your homework. "The homework, he said, would be of more value to me."

While cutting, a teacher asked where was I going. I told him I was going to get the pass.

Why did you mark this word wrong? Where I come from that's how we spell *measeles.*

The reason why I'm wearing the walkman is because I'm hard of hearing.

That was my twin sister you saw two periods earlier.

I'm sorry I'm late. My train was stuck in traffic.

I'm not just simply eating — I'm feeding the hungry.

I'm sorry I'm late, but the bell rings too fast.

I forgot what class I had to go to.

THANKS FOR A GREAT SEASON
Rad
the
DAILY NEWS
New York's Hometown Newspaper

The date: October 27, 1986. The place: Shea Stadium. The event: The final game of the World Series. This was a big night for the Mets. If they won this game, they would become The World Champions. The Mets hadn't had a championship team since 1969. They were long overdue. Would they do it? You could almost cut the tension with a knife when they trailed 3-0. However, in the sixth inning the Mets, as they did all season long, came back to tie and take the lead, and from there on they brought the dream home. They won the game 8-5 becoming the WORLD CHAMPIONS.
What better way to celebrate this occasion than by having a tickertape parade ending in a reception for the World Champs at City Hall — right at Bergtraum's back door. This was a great treat for us Bergtraumites. We had the rare privilege of seeing the Mets in person. It was thrilling and we will remember it for years to come. A great conclusion to a great year!

WHAT I WILL REMEMBER ABOUT MURRY BERGTRAUM

What I will remember most about Bergtraum is learning about the computer, how it works, and how my instructions could make the computer print out a report of any kind.
— Jackie Rivera

My best memory of Murry Bergtraum is the way Mrs. Colon took the time out to help us and always had time to listen to us individually. I'll miss her the most. We all love her.
— Linda Rivera

I will remember the friendly, yet competitive atmosphere, the great feeling of easiness between students and faculty, and a place full of room to grow.
— Cassie Simmons

Bergtraum will always be remembered as a transition . . . a transition between childhood and adulthood.
— Arthur Lee

The fact that one half of the building is freezing while the other half is steaming.
— Tara Smith

Mr. Hakim in the lunchroom saying "Anybody wanna milk?"
— Stephane Howze

The bright yellow and red school colors.
— Jeannette Benito

This school brings together people from all different neighborhoods in and around the city. I will never forget the people I met in school, because they are different in many ways, but also similar to me.
— Doug Henihan

I am grateful to Bergtraum for giving me the chance to become involved with the New York Stock Exchange Internship Program.
— Jennifer Hutchenson

I guess the thing that will stand out the most in my mind about Murry Bergtraum High School is the people and the atmosphere of the school. This school is unique and unlike most schools in the sense that it brought so many different races and ethnic groups together. It was interesting to see all of these different groups function together, sharing the different experiences that we've been through
— Amish Mehta

What I will remember most about Murry Bergtraum High School will not be the bricks and steel that makes the school look as it is, but the staff and students alike. Here is where I have met many a person who I will remember for a long time.
— Porfirio Ramos

Something I will not forget about this school is its excellent Co-op program. Many students got jobs and terrific ones through this program.
— Joyce Malave

The thing I learned in Bergtraum, was to have friends, understand them, and most important, I learned teachers are human, too.
— Rosemary Burgos

I think perhaps the thing I will never forget about Bergtraum is the warmth of the people I was fortunate enough to meet. There were some truly special people who entered my life and they will live forever in my memories.
— Teri Manno

What I will never forget about Murray Bergtraum is the shape of the school.
— Stephen Mills

One thing I will never forget about Murry Bergtraum is the job availability with the help of Mrs. Robinson.
— Monique DeBellot

I will never forget how Murry Bergtraum High School Custodians turn on the air conditioner in the winter.
— Joy Hunter

I'll never forget the start it gave me towards my future career.
— George Turner

I'll never forget how Murry Bergtraum H.S. made us show an ID card to use the public telephone.
— Kareen Robreno

The thing I will never forget about MBHS was the day of the Mets Parade and everybody, including myself, went to see them.
— Denise Duarte

You're very special Murry Bergtraum and for that I thank you.
— Maritza Rosario

The ventilation system, and the air, and Mr. Blume.
— Alberto Rosado

All those girls — A practical 3:1 ratio made going to school worthwhile!
— Julian Rivera

For all you accounting majors who had Mr. Tomberg: always remember the pounding of the books which made us remember A=L+C. Mr. Tomberg you're the greatest!
— Melody Chin

Bergtraum has been a stepping stone for me. I entered as a youngster and I'm leaving as a mature young man.
— Lance Ware

I will **definitely** remember all the trips I made from the basement to the fourth floor everyday. Good exercise!
— Maria Prescott

I will remember how strong my legs became after walking up all those stairs. But, seriously, I will remember the closeness that I felt when I became a Senior. Thank you and Good-bye Bergtraum.

Murry Bergtraum Varied Internship Programs

The Murry Bergtraum High School for Business Careers has added yet another dimension to its Varied Internship Programs.

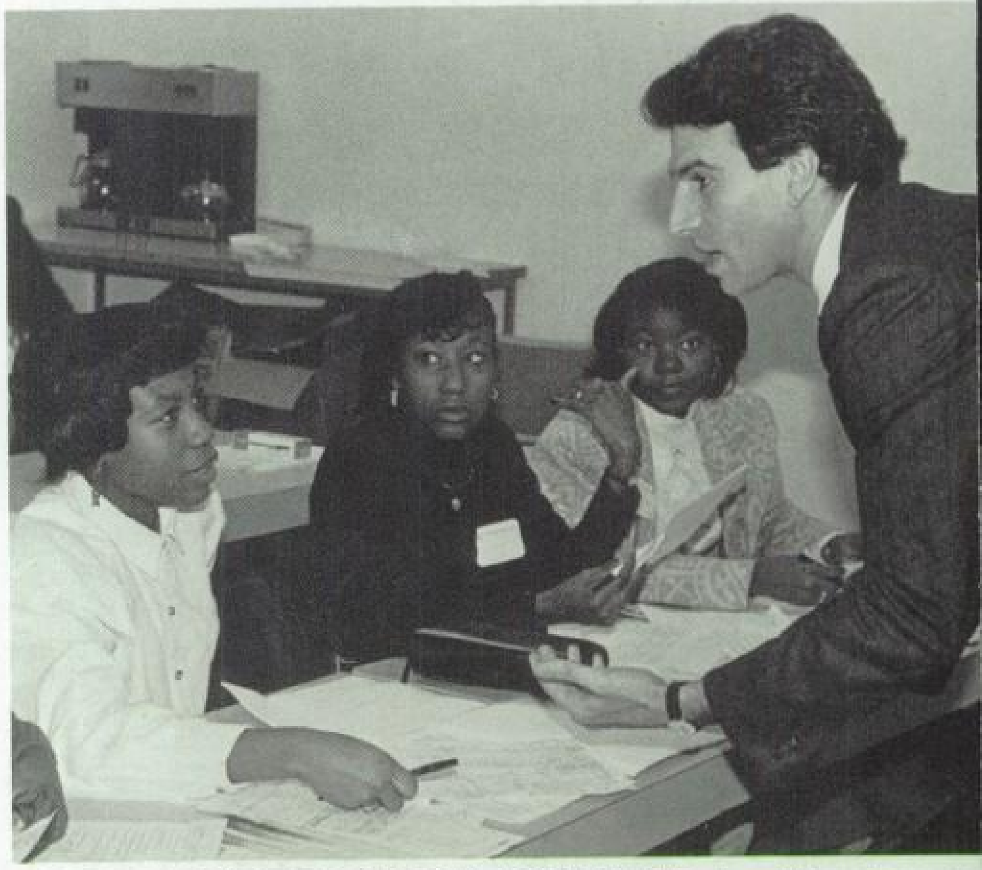
Our very first linkage with the private sector, the Chase Manhattan component, currently has a minimum of fifty juniors and seniors each year. These student interns are assigned to offices throughout Chase's corporate structure and perform tasks that heighten their awareness of the demands of the increasingly complex World of Work as they hone the skills they acquire in school. Thus, our curricula become more relevant and responsive to current job skills requirements. Periodic seminars are conducted at the bank site by Chase personnel. Stipends, provided by the school's Business Advisory Council, are distributed to each intern at the final seminar.

In May 1984 a second component was developed. Originally a pilot program, the New York Stock Exchange—Bergtraum H.S. linkage is now fully integrated under our V.I.P. "umbrella." It combines internships, seminars, market simulations, learning materials, and special projects, "all keyed to the school curricula so as to bring the 'real' world into the classroom and the classroom to the real world of business." This linkage, the very essence of what a true school-business partnership should be, has been cited by the Presidential Board of Advisors on Private Sector Initiatives.

The latest dimension, a pilot MENTOR in Banking program, co-sponsored by the New York Alliance for the Public Schools and the Marine Midland Bank has just completed its "shakedown cruise" and joins the ranks of our other exemplary programs.

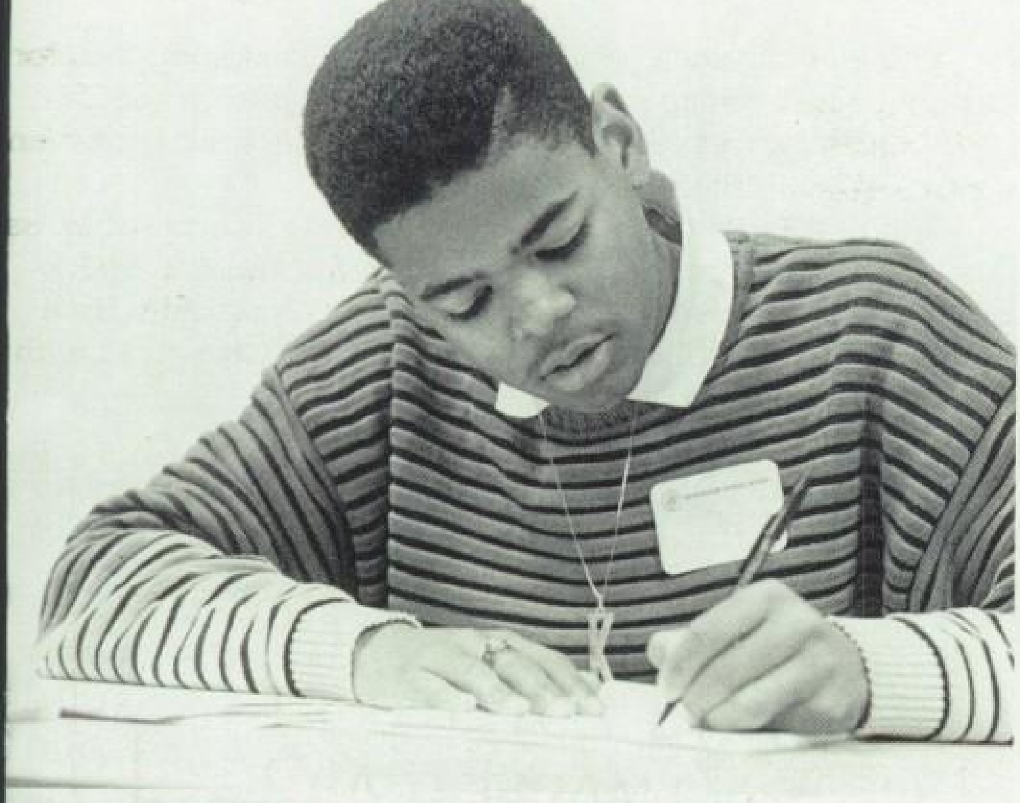
The photos were taken at the final session where students in the Money and Banking class, all Seniors, spent an entire day at the bank. Divided into small groups they worked on typical projects such as the creation of a marketing plan for a new retail-banking product. Following lunch, the bank's Human Resources representatives conducted a lively session on careers in banking.

The bank's philosophy regarding this latest partnership, as stated by Vice President Carole Fenstermacher, the bank's liaison with Bergtraum, typifies the attitude exhibited by a private sector partner involved in a collaborative effort with our school.



ASSISTANT VICE PRESIDENT JOHN FERRI describing how one reviews credit applications before a loan may be approved.

The Coordinator of the program, ASSISTANT MARKETING OFFICER REGINA FUSCO discusses the fine points in the creation of marketing promotional plan. Looking on is Bergtraum's liaison to the private sector, ASSISTANT PRINCIPAL LESTER D. ZIMMERMAN



Above & Below, SENIORS KENNETH RIGBY and RAJ ALI preparing their product summary hand-out.

Marine is proud to participate in the Mentor In Banking program for a number of reasons. The first is our background. We have become leaders in the financial services industry not only by being superb bankers, but by supporting the communities in which we conduct our business. The Mentor In Banking program is a way of upholding that tradition.

On a practical note, many of us who work at Marine remember all too clearly how overwhelming our first day of our first job was, particularly if we had not been or worked in an office before. Through The Mentor In Banking program, in particular the "hands-on" rotations in the various departments, we hope to create a real-world impression of the business environment — the decorum, dress, work habits — that will be useful to this exciting group of students as they seek future employment oppportunities.

What does Marine get out of the program? Certainly, we will pursue the public relations and publicity opportunities. And, no doubt, several of the students will become part-time or full-time Marine employees. More important, though, is the long-term benefit of providing the service and, I hope, some inspiration to those who will eventually assume roles of leadership in our society. In that context, the Mentor In Banking program is one of our most critical investments."

A major factor that sets our school apart from other schools, we feel, is the inseparable relationships that have been developed, nurtured, and improved upon, with the private sector.

The Murry Bergtraum High School for Business Careers' Varied Internship Programs are under the supervision of Lester D. Zimmerman, Assistant Principal, Administration — Office of Activities and Development, 411 Pearl Street, New York, New York 10038 — Tel. No. 212-964-9610

ASSISTANT VICE PRESIDENT JOHN FERRI has provided the students with "real" credit applications and they are pondering their decisions.

REGINA FUSCO, ASS'T. MARKETING OFFICER, Reviewing how one creates a Marketing/Promotional Plan.

CHARLES O'CONNOR, VICE PRESIDENT CORPORATE COMMUNICATIONS, providing students with insights into the use of corporate communications as a business tool and the skills needed to do so.

MARION FINLEY, OPERATIONS OFFICER, overseeing students as she instructs them in the processing of legal documents.

ANTHONY P. BRANDOFINO, REGIONAL TRAINING MANAGER, showing the group how to prepare a presentation on the checking accounts offered by the bank and a product summary hand-out (as preparation for an actual training session.)

VALERIE COLEMAN, ASSISTANT MARKETING OFFICER discussing the operations of an Automatic Teller Machine prior to having the students work on a "real" problem; ranking the placement of ATM's at selected branch locations. Looking on is REGINA FUSCO, COORDINATOR of the program.

Bergtraum's own on the Brooklyn Bridge are featured in Marine's 1987 Calendar.
